4 Bed
House - Detached

Lead In

Positioned on Princes Drive, one of Pontefract's most desirable addresses, this detached property is offered in immaculate condition and is ready to move straight into. Dating from 2018 and running to 1,412 square feet, the layout has been carefully considered to suit family life at every stage.

The ground floor gives you a well-proportioned reception room as well as a large open plan kitchen diner, so there is room to spread out, host, or keep things separate when you need to. A crisp, contemporary finish carries through the whole house. Head upstairs and there are four double bedrooms, all comfortable, restful, and generously sized.

At the centre of it all is a fully fitted kitchen, complete with integrated fridge freezer, oven, eight-way induction hob, and integrated dishwasher. Bathrooms are handled by two full suites plus a downstairs WC, and all three have been tiled floor to ceiling for a sharp, easy-care finish.

The rear garden is a genuine highlight. It has been landscaped and finished with a full width extended patio, giving you space for larger get-togethers, summer barbecues, and outdoor furniture, or just a quiet corner to sit out in the sun. To the front, a double drive provides ample parking for the family and any visitors.

The house is also extensively set up for modern living. CAT6 cabling runs throughout, tied into a full smart home system, with modern TV wall points in both front bedrooms, the kitchen, and the living room. A complete exterior CCTV and alarm setup feeds into the same system and can even be viewed on the TVs, and tablets in the kitchen and hallway give you dashboard control over lighting, blinds, and plenty more besides. Air-conditioning covers both the main bedroom and the rear office, with the outdoor units kept discreetly out of sight to the rear side.

There is more in the integrated garage, which houses a modern electric roller shutter door and an extended utility area plumbed for a washer, dryer, and sink. Smaller details lift the whole place too, including upgraded chrome sockets and switchgear throughout.

Clean, well appointed, and genuinely turn-key, this is a home that pulls together style, comfort, and practicality in a location plenty of people want but few get the chance at.
