Lead In

A fantastic opportunity with plenty of potential! This two-bedroom end terrace property is ideally positioned within Pontefract town centre, offering convenient access to an excellent range of local amenities, transport links, shops, schools and everyday facilities, all within easy walking distance.

The property is offered to the market with NO ONWARD CHAIN and is generally well maintained throughout, whilst offering plenty of scope for further improvement and modernisation, making it an excellent opportunity for both owner occupiers and investors.

Internally, the accommodation provides two double bedrooms alongside the usual living and kitchen facilities, whilst externally the property benefits from a rear garden and parking spaces, which are fantastic additions for a town centre property.

There is also excellent potential to generate rental income. The current owner has advertising boards positioned to the side of the property, which have previously provided an income, and the property itself has also been successfully rented in the past. This provides a potential additional income stream for the new owner, subject to the relevant arrangements being continued.

The central location is a major attraction, with Pontefract town centre, shops, restaurants, bus stations and train stations all easily accessible. The property's position also provides excellent access to the wider motorway network, making it particularly appealing to commuters and tenants alike.

With its combination of location, parking, garden, investment potential and scope for improvement, this home offers considerably more than initially meets the eye and is priced to sell.

We anticipate a high level of interest, particularly from investors and first-time buyers, and would strongly recommend an early internal viewing to appreciate the potential on offer.

Available with NO ONWARD CHAIN.

External

To the rear is a shared enclosed yard, used jointly with the neighbouring property. The yard is predominantly stone paved for ease of maintenance, with established planted borders, raised beds and brick-built boundary walls, together with steps leading to the rear entrance of the property.

Beyond the yard is a shared rear car park, accessed through the boundary gate, where the property benefits from two allocated parking spaces.
